ISUZU D-MAX – AUSTRALIA'S MOST RELIABLE WORKHORSE NOW AVAILABLE WITH THERMAL MARK'S HIGH QUALITY REFRIGERATION

Thermal Mark are excited to partner with Isuzu to release their impressive D-Max refrigerated transport packages.

The D-Max is the ultimate workhorse, effortlessly combining strength with style. Its performance on and off-road is as impressive as the power under its bonnet. The D-Max easily navigates city traffic while transporting up to 700kg payload.

The Isuzu MY2018 D-Max 4X2 comes in a 3.0-litre diesel engine, automatic, single cab chassis – designed as an efficient, reliable and responsive utility vehicle.

To take advantage of our special summer pricing, get in touch with our Sales Department today. Thermal Mark are pleased to offer tailored packages to suit your needs.

It's important to have the right tools for the job and you can't go past Thermal Mark for unparalleled quality, professionalism and service. Thermal Mark's D-Max refrigerated transport package is the ultimate temperature controlled vehicle.
