TOYOTA HILUX – AUSTRALIA'S UNBREAKABLE COMPANION NOW AVAILABLE WITH THERMAL MARK'S SOPHISTICATED REFRIGERATION

Thermal Mark are excited to announce their new Toyota Hilux refrigerated packages as an outstanding option for smaller loads and city driving.

The Hilux is reputed as a robust, intelligent, high performance utility vehicle, and with the addition of Thermal Mark's custom refrigeration unit, it's the ideal choice for businesses requiring a payload of <580kg.

The Toyota MY2018 Hilux 4X2 Workmate comes in a 2.7-litre petrol engine, automatic, single cab chassis and boasts a durable exterior and stylish interior with well-appointed creature comforts.

To take advantage of our special summer pricing, get in touch with our Sales Department today. Thermal Mark are pleased to offer tailored packages to suit your needs.

You can't go past Thermal Mark's Hilux refrigerated transport package for a high quality temperature controlled vehicle that's as dependable, hardworking, and versatile as you are.
